

EIW Level 9, 2nd Edition, 10-Week Summer Writing Plan

For each suggested lesson, watch the instructional video and read all lesson material. Complete only the assignments that are noted in this pacing guide.

Students have access to the entire Level 9 Curriculum and may use any part of the text that fits their individual needs and goals.

During the research lessons, students will not be drafting a complete research paper, but will work through the research process to gain an understanding of how to conduct research and record information for an academic research paper.
